Rikki was amazing working with my Rescue half Siberian Husky/ Half Great Pyrenees Lucy. Lucy knew ZERO commands when arriving and now she is a new dog. I can walk her off the leash with no fear of her fleeing (she was a flee-er), always walks on my left side, knows...sit, down, place, off, come and much more. Thanks Rikki!

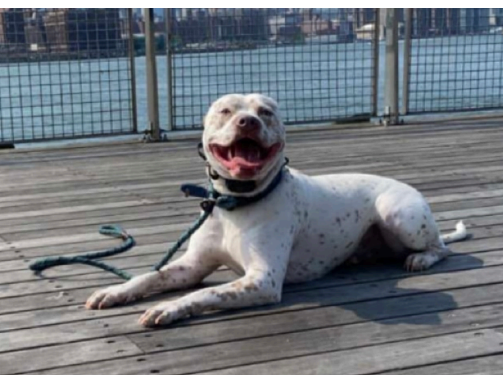

**MITCHEL FLECKER ★★★★★**

Rikki was amazing. My Siberian Husky came out a different dog the day I picked him up. It has only gotten better since then. He is so well behaved and well trained. Thank you again Rikki!!

We sent our 6-month old puppy to stay with Rikki for 2 weeks and we couldn't be any happier with the results! Rikki obviously worked so hard with him and got him to a place where we're able to use all the commands and allow him to be off leash. It's made our lives much better. I would emphatically recommend Rikki to anyone.

Rikki is without a doubt the best trainer out there. Stew was stubborn and smart and would refuse to listen. When we were at home he was good but out in public was where things went south. I never in a million years would think that he would eventually be behaved enough to take his leash off in public. Now I take Stew everywhere, we are able to play fetch in the middle of Central Park with full attention and respect of one another. Our relationship has changed completely and it was all thanks to Rikki!

To say that Rikki did an amazing job with our dog Frank would be an understatement to the results. Frank is a spirited 10 month old Cockapoo. We did a ton of research before we selected Rikki and we couldn't have been more pleased. She is dedicated, professional, compassionate, well versed and highly skilled. Frank spent two weeks with Rikki at her home / camp and when we picked him up, he was happy, obedient, energetic, disciplined and a much happier dog. We couldn't believe the results that came through Rikki's training Frank! Rikki is a wonderful communicator and sent us updates and videos of Frank's progress. She is generous with her time and it is obvious that she loves the dogs and has a real passion for her profession. We were skeptical of leaving Frank with a complete stranger (who was being hired to discipline our dog nonetheless!), as well as the return on our investment to train him. We are so happy that we took a leap of faith and in doing so found Rikki. Frank is doing so well and is easy to manage now that the idea of getting another dog does not feel overwhelming (although that's probably not going to happen). In one word we'd describe our experience as fantastic!

### **SNEH PARMER ★★★★★**

Rikki is one of the best trainers ever! Rikki was extremely professional and went above and beyond to give our dog the best experience. Rikki sent videos and photos consistently and everyday she gave us a status update on how our dog was doing.

We felt very comfortable with Rikki being our trainer and more importantly a place where our dog felt like home while getting the training he needed.

The progress updates were great to see, and we are shocked by how much better he has gotten within a short period of time with Rikki.

I would recommend Rikki to all my friends who want to send their dog to training!

### **LEEZA CUMSKY ★★★★★**

Our experience with Rikki was amazing! She trained our 1 year old pup for two weeks and we saw a difference in his behavior right away. She truly cares for the dogs she trains as well, which was something that was very important to us when searching for trainers. We highly recommend Rikki to any dog owner!

### **JASON LAMOUNTAIN ★★★★★**

I just picked my four-year-old dog Hank up from the two week board and train program yesterday, and it has already made a world of difference! He is so much calmer and more attentive to my commands, whether we are out on walks or just sitting around the house. And he spent the whole night in his crate without any whining or scratching, which is truly amazing! I can't recommend this program enough, our trainer Rikki was great and shared many updates throughout the training process.

### **M J ★★★★★**

Rikki did an amazing job with my pup! She was so communicative throughout the experience, which really put us at ease. Her home and yard are clean and the perfect place for the doggies to play too! As soon as I had my first walks with my dog I noticed amazing improvements and feel so excited to have such a well behaved puppy. Thanks Rikki!!

### **BRITTNEY DENLEY ★★★★★**

As a first time puppy mom, I showed up to Rikki completely out of my depth and she completely transformed my pup's behavior. I returned to a disciplined, responsive, and obedient pup, who was still spirited and high energy, but understood the important boundaries that have helped me to keep him safe. The structure of Rikki's training program, coupled with her regular updates, responsiveness, and transparency, allowed me to rest assured that my fur baby was in great care. I can't say enough positive things about the value of this program!

### **AMANDA DE ROSA ★★★★★**

Rikki is fantastic!! We sent our pup, Soares, to her for the 2 week training. We got lots of regular updates and progress videos - we were so impressed by how quickly he learned so much! Also, Rikki's backyard is a paradise for dogs! We felt so comfortable leaving Soares with Rikki and we were so excited to pick him up as a new dog! 100% worth the investment in your dog - I will be recommending Rikki to everyone I know.

**HELEN GUO** ★★★★★

My husband and I were going crazy from our two dogs and found Rikki out of desperation. Thank goodness we did! They just got back home and I can already see a big difference in their behaviors. We definitely couldn't have done this ourselves. Rikki was very communicative the whole time and easy to work with. Thanks Rikki!

A year has passed since my original review and we've used Rikki every time we've gone away or just needed the dogs out of the house for a few days. We always get photos and videos of how they're doing during their stay and they always come back happy and healthy!

I want to add that we also started training both of our dogs with Rikki. The improvement I've seen in them is incredible. Our boxer never used to listen to us when we'd tell her it was time to go in her crate, time to come inside of the house, to leave the cats alone, get away from the pool... etc. She now listens every single time and it has made our lives so much less stressful!!

We boarded our dogs with Rikki for 10 days while we took a family trip to Florida. They came home looking well fed and happy. My dogs usually get stressed out and do not eat as much when we go on vacation but I can tell they ate well the whole time during their stay- which means, they weren't stressed out! Highly recommend- Ruff Haus is my new go-to!

**SHELBY REBOSIO** ★★★★★

My dog was trained with Rikki when he was a puppy and now that he's two he still is the best dog ever. Her training is still shown today, he's awesome off leash and I trust him fully thanks to her!

**MARGARET MARTINO** ★★★★★

Rikki was great with our 7 month old black lab puppy. She now knows how to sit, down, off, come and heel commands. All learned within the two weeks she spent with Rikki. I also loved the updates and videos that were sent. Would absolutely recommend Rikki for training. Rikki did her job & Now it is up to me to reinforce and continue training now that Dolly is home.

**BRIE HEINLEIN** ★★★★★

We got a Great Dane puppy and were in over our heads once he arrived with his abundance of energy and enormous size (unbeknownst to him) ! We did a ton of research trying to find the best trainer for him and settled on Rikki. Our 5 month old puppy came back TRANSFORMED! He was calmer, listened to commands, heeled nicely on a leash, no longer jumped up on us! The change was incredible, we are SO grateful to Rikki for delivering us a calmer, happier puppy! We cannot sing enough praises for her and her method! THANK YOU RIKKI!

**VICTOR SUSMAN** ★★★★★

We left our 10 month old English Cream Golden, Heidi, with Rikki for 2 weeks of Obedience Training. We are thrilled to get her back as a much better behaved family member. What Rikki did was amazing! Rikki "trained us" as well so we can continue using Rikki's methods to reinforce all Heidi has learned from Rikki. Many thanks for your expertise and help!

My German Shepherd went to Ruff haus boot camp for 2 weeks. I watched the videos of her training and she did excellent! When I brought her home she retracted a bit! I asked Rikki to stop by and give me some pointers. When she arrived my little girl was at her absolute best! Kinda funny! But after an hour of going through a few things my little Jessie is wonderful to work with and play. I had dogs in the past always well behaved but this one one was different, now she's doing great!

**TOM TAYLOR** ★★★★★

Rikki fixed every issue my 10 month old GSD had. He no longer mouths me for attention, his manners have improved significantly with me and anyone he greets, and he is no longer reactive to other dogs when out on walks. I can confidently walk him off-leash, knowing that he will listen to any command I give him. I highly recommend Rikki.

**CHRISTINE PANICO** ★★★★★

Vito hasn't been socialized with other dogs. Day 2 he was calm and non aggressive. He got home and we did the training and he was listening without being on a leash and walking in the yard. I'm so happy with the training that Rikki has done with Vito. He went to her 2 wks ago and has become a more well behaved dog than I could have ever imagined. So happy for his progress and for his skills he's learned with Rikki. Thanku isn't even enough for the training.

**KATARINA LARDAS** ★★★★★

I was truly impressed by the trainer's professionalism and kindness! Rikki is amazing with dogs and after 3 weeks of training and boarding, my almost 6 year old GSP showed amazing progress on fixing behavioral issues and obeying specific commands. I highly recommend Ruff Haus K9 Training to improve your dog's obedience but also if you are looking for a caring and trustworthy place to board your puppy.

**JANICE CAROTENUTO** ★★★★★

I just picked up my 8 month old Sheepadoodle Puppy after 2 weeks of board and train and let me just say how happy I am! My Bella learned... So much.....she stopped jumping, learned how to walk on and off leash and listens to commands better then ever! I'm so happy I brought her to Rikki, she taught Bella so much and also taught me how to continue working with her. I highly recommend Ruff Haus K9 training I can't thank them enough!

**DANFORD BAXTER** ★★★★★

Our first dog, a Labrador Retriever. We dropped our Lab off to Rikki and were immediately at ease with her and her location. Our dog was difficult to walk, constantly eating things he should not, was not capable of consistent response to commands. He was also overly aggressive at times which was concerning and unpredictable. After his training he is a different dog. He was socialized which makes seeing other dogs on our walks less anxious for all of us. He responds to commands. He does not eat things, with a simple voice command to 'leave it'. He is less anxious in and out of the house. He is no longer aggressive. He is more predictable. I am able to walk him in fields and trails off leash. He heels well. Our Lab now knows how to behave and we know how to deal with those moments when he wants to do his own thing. Rikki was always sending video updates which was great to see the progress. Strongly recommended!

Ruff Haus K9 did such an amazing job training our beautiful little Chihuahua Puppy-Mackney. Chis ate somewhat independent but Puppy is such a great doggie and follows what we ask of her 100% of the time. Happy happy happy!
